# CAREER PLANNING CHECKLIST

- ✓ Continue to get good grades and try your hardest.
- ✓ Complete your homework assignments.
- ✓ Get involved in extracurricular activities or get a job.
- ✓ Be open minded and flexible regarding your career path.
- ✓ Meet with your school counselor at least once a year to discuss classes that will help you achieve your goal.
- ✓ Talk to your parents or guardians about your career goals.
- ✓ Talk to your friends about your career goals, BUT don't select a career just because a friend is interested in that career. Be yourself!
